Hanover Lot 9th December 1836

I Received yours of the 27th no^o last mail and am happy to inform you that I just begin to Redeem since my last sickness. I have collected of Mr R Diggs some time this summer or fall three hundred and 00 dollars and agreeable to orders have paid it to Major Matthews and have taken in Sister Agatha and her sisters note to Mr Coomes. Mr Diggs I think will pay the balance this winter as for Doct Joe. As Henry has so lately been to Geo Town and carry no money. I think it would be better not to dun him at this time for I am sure he will pay as soon as he can get the money.

We have Received letters from Francis and Geo. they arrived safe at Orleans and wrote the same day they had a fine passage and are all well I expect to hear from them to days mail. we are all well. Give my love to my children and tell them I of think of them. likewise all the good sisters and mother so I must conclude
